# Why choose the California Tan MobileBronzer™?

## THE RIGHT CHOICE FOR YOUR BUSINESS:

- All-inclusive system includes spray equipment, solution, and accessories
- Quick and easy to assemble
- Time-efficient treatment for flawless, full body spray in under 4 minutes (versus 20 to 30 minutes for airbrush)
- 85% of the tanning solution transfers to the skin (versus approximately 30% for compressor systems)
- Simple to operate with minimal required maintenance and clean-up
- Less solution waste resulting in lower operating costs and minimal overspray
- Creates new add-on service options to existing tanning & treatment packages
- Complete step-by-step training DVD and instruction & business manuals
- Two year warranty on parts
- Technical support phone line
- So affordable it pays for itself in days!

# of Daily Spray Sessions	Solution Usage	Average Price per Spray Session	Average Daily Salon Profit	Investment Pay Off
2 <i>(salon cost per spray \$1.54)</i>	Average 2oz solution per spray	\$55	\$106.92	Less than 10 days!

Note: With only two sessions per day your investment is paid off in less than 2 weeks.

## THE RIGHT CHOICE FOR YOUR CLIENTS:

- Offers the best in professional technician-applied sunless tanning
- Beautiful, long-lasting, and even tan without streaking in under 4 minutes
- Customized treatment for every body type
- Tailored coverage for full body or partial body tanning application
- For "anytime, anywhere" application treatments
- Quick-drying application
- Minimal overspray
- Complete portability allows easy use outside salon
